

At 2:07 a.m. God spoke to tell me to arise and write what He said:

- 1 . The financial drought is over...from today you will see the flood of finances that will come from your faith and your sowing.
2. The end of your condition in your body is now...you have carried the oppression of illness for some conditions for a long time...today in your communion you will be healed.
3. Your business was not a human experiment but from me...from today I will cause it to expand and prosper...you will need to hire others and to plan wisely to handle the increase.
- 4.The wall that has held you back has now fallen flat! The limitation that has frustrated you and at times has angered you is removed!
5. There is no cage any longer.
6. The Thief is found out and your seven-fold restoration is declared from today! What brought such dismay and sorrow and loss will turn from today into some wild dancing and joy!
7. Your promotion which was withheld is now yours for the taking! Don't be suspicious of it because it marks the beginning of several more promotions!
8. The loved ones who have wandered in pain and deception and brokenness are returning to Me and to family from today! Here they come! Receive them as the Prodigal was received...with love, honour and blessing not reluctance or hesitation!
- 9.You are freed to speak with boldness to friends, neighbours and workmates the testimonies and to boast about your God – from today they will hear where they have seemed disinterested in days gone by!
10. You will have from today some difficulty in explaining the increase and supernatural deliverance that comes to your life because it is so out-of-the-ordinary! Nevertheless, be faithful to tell it! I will cause it to penetrate beyond the mind of logic!
11. You will discover a new level of laughter from today as you rejoice in your breakthroughs and blessings! The medicine of Heaven will heal you deeply where the scars and wounds of failure and betrayal have given you heavy feet! Laughing and dancing is your portion! Don't miss this particular visitation to your life! Change beyond what you realise is coming today to your soul life!

12. From today you will see how the Father's hand of blessing can turn what has been against you into what is in your favour!

13. From today keys...yes, keys, plural are given to you...keys of ownership, keys of access, and keys of acceptance to new levels that have belonged to you that you did not know...they will be brought to you! You will boast in the favour and others will be jealous and take interest in the God who has made all keys!

14. The educational opportunity you have sought will open to you from today but it will only be a step released by Me to take you to a place of influence for Me and enable your financial and spiritual success and influence to testify of Me!

15. The desert wind of poverty has blown but from today the rains of refreshing and the supernatural harvest fall upon you...a new era of increase and prosperity will shock and amaze your natural mind but give you opportunity to boast about your God! Even your neighbours will wonder how you seem to have what you didn't have before!

16. Debt from today is cancelled! Debt belongs to Egypt not my people! The 'handwritings of ordinances against you' are being destroyed, removed, and are disappearing inexplicably. You will no longer live in Debt-Land!
